

Water Safety Awareness Day

Presented by City of Lafayette Aquatics and
Mazie's Mission

This annual event is held every May, which is National Water Safety Month, to promote the importance of drowning prevention and offer water safety awareness along with helpful resources to the Acadiana community. The City of Lafayette Aquatics (COLA) along with local non-profit, Mazie's Mission, are teaming up with the Louisiana Department of Health to grow this event to offer even more resources and fun activities for children. It will be held on Saturday, May 20th from 10 am to 2 pm at The Robicheaux Center - 1919 Eraste Landry, Lafayette.

WATER SAFETY IN OUR COMMUNITY

A press release from the Louisiana Department of Health revealed that 2020 was the deadliest year for child drownings for our state. Drowning remains the third-leading cause of death for children aged 1-14. Most drownings in Louisiana occur in warmer months and among children aged 1-4.

Water Safety Day Sponsors

To help us save even more lives, have a greater impact in our community, offer more activities, swim scholarships and resources, we are seeking sponsors for our 2023 Water Safety Awareness Day. Below are the available sponsorship levels and benefits. We THANK YOU from the bottom of our hearts for your interest, generous contributions and continued support!

About Mazie's Mission:

This organization was founded by Lafayette parents who tragically lost their 17 month old daughter, Mazie Leah, to a drowning accident in 2020. Together with area partners, the Mazie's Mission family advocates for water safety and drowning prevention. **TOGETHER, we can SAVE LIVES!**

Thank you for helping us to prevent drownings!
